Business Questions

DailyBasket Data Warehouse - Phase 1

Hamza Abbas (L24-2500) and Sadeem Arshad (L24-2502)

These are the analytical questions the data warehouse must answer. Total: 12 questions (minimum required: 10). Each question is linked to the fact table, dimensions and measures it needs.

#	Area	Business Question	Why it matters	Fact Table	Dimensions	Measures
1	Sales	What are the monthly net revenue and profit trends?	Shows if the business is growing or slowing down.	fact_sales	dim_date	net_revenue, profit_amount
2	Sales	Which products and categories generate the highest revenue?	Helps decide what to stock and promote more.	fact_sales	dim_product, dim_date	net_revenue, quantity
3	Sales	Which regions perform poorly or are declining?	Shows where to improve delivery, marketing or stock.	fact_sales	dim_region, dim_date	net_revenue
4	Sales	Which sales channel (In-Store, Website, Mobile App) earns the most revenue and profit?	Helps decide where to spend the marketing budget.	fact_sales	dim_channel, dim_date	net_revenue, profit_amount
5	Customers	Which customers generate the highest lifetime value?	Finds the best customers to reward and keep.	fact_sales	dim_customer	net_revenue, profit_amount
6	Customers	Which customer segments purchase most frequently?	Shows which group buys again and again.	fact_sales	dim_customer, dim_date	count of order_id
7	Customers	What is the average order value for each customer segment?	Helps plan offers and bundles for each group.	fact_sales	dim_customer	net_revenue, count of order_id
8	Inventory	Which products have declining demand?	Avoids buying stock that will not sell.	fact_sales, fact_inventory_snapshot	dim_product, dim_date	quantity, quantity_sold
9	Inventory	Which products are below their reorder level (stock-out risk)?	Prevents lost sales because items ran out.	fact_inventory_snapshot	dim_product, dim_region, dim_date	quantity_on_hand, reorder_level
10	Inventory	Which regions hold the most stock value (possible over-stock)?	Shows where money is stuck in unsold stock.	fact_inventory_snapshot	dim_region, dim_date	stock_value
11	Promotions	Which promotions increase sales the most?	Shows which offers really work and which waste money.	fact_sales, fact_promotion_event	dim_promotion, dim_product, dim_date	net_revenue, quantity
12	Promotions	Which products were on promotion most often?	Checks if some products get too many or too few offers.	fact_promotion_event	dim_product, dim_promotion, dim_date	count of rows (factless)

Summary by Area
